Report on School Excursion to Lake Cowal Conservation Centre  by Emma Collis

The whole school loved visiting Lake Cowal and we had so much fun.

First we were looking at all the different places where animals lived. Then we drove down to the big lake which is about 30km long and 10km wide. We walked around the edge of the lake identifying animal footprints.

We had a yummy barbecue for lunch and after that Mal (one of the LCCC staff members) caught some tiny little insect critters for us to look at under the microscope. We all got to use microscopes to take a closer look at the little creatures that live in the water. After that we had to go back to school.

Our two kindergarten students really enjoyed the excursion. The favourite part of the day for Travis was looking at the little critters under the microscope. Max loved looking at the animal tracks and footprints and everyone else had a blast.

Trivia Corner

We had another great response to last week’s trivia. Our adult winner was Gayle Day and our runner-up was Ann Popple. Napoleon exiled to the island of St Helena after the Battle of Waterloo. Our children’s trivia was won by Emma, Harry and Max Collis and the runners-up were Upe Bhangu and Ben Grinter. A pommel horse can be used in the sport of Gymnastics. Good luck with this week’s questions:

Adult question:
In which year was the single European currency, the euro, introduced?

Children’s question:
How many violins are there in a string quartet?

Canteen next Thursday – Mrs Gilchrist visit

Nicole Anderson will be organising Canteen at the school next Thursday 11th April as many or our students will be attending the Cross Country at Marrar on the Wednesday. Mrs Gilchrist is coming to the school at 11.30am to join the students for lunch.
